Word of the Day -**Abundant**

Transcript

Hi everyone. Today's word of the day is **abundant**. So **abundant** is to have more than enough and to be over supplied. This way unlike the word plethora where plethora is negative **abundant** is usually positive so you're over supplied in something so that you're ready for a situation. You're **abundant** in resources so you can share those resources. So abundant is usually positive and I have two examples:

"The Earth is abundant in nutrients to keep all life sustainable so it is our job to protect the Earth."

So the Earth has so many nutrients to keep us all alive. Second,

"With the proliferation of smartphones there is now an abundance of information available to us at the touch of our finger tips. We can access coupons, street maps, communication sites and more."

So I hope you can use the word **abundant** or **abundance** in your everyday lives. Thank you for listening to Practicast. You can find the script at Practicus.co.kr. Thank you and have a good day.
