Word of the Day – **Brash**

Transcript

Hi everyone. Today's word of day is **brash**. **Brash** means to be impertinent, tackless, hasty, careless, and it has sort of a rude connotation to it. And a similar word to **brash** is simply rash and rash is acting without thought, being careless but there's a little bit of difference because **brash** usually in the way someone speaks and usually how they act and it's very quick rather than just being careless. And here's an example,

"The red haired lady was sassy and brash. She said whatever was on her mind without a care for the listener's feelings."

So in this way **brash** and sassy are describing the lady's personality. Another example I can use it in is in describing reality TV.

"These days on reality TV, brash and even rude people can make it big in Hollywood."

So we see a lot of people who are tackless with the way they act and behave towards others and this could simply be described in **brash**. So I hope you can use this word in your everyday lives. You can find the script at Practicus.co.kr. Thank you and have a good day.
