외모를 잘 꾸며야 한다. 외모를 잘 가꾼다는 건, 그 사람이 더 자기관리가 뛰어나고 더 능력이 있다는 뜻이다. 사회생활을 잘 하려면 외모에 신경을 써야 한다.

- Having an attractive appearance is very important. A well-managed appearance is proof that the person is more disciplined, focused and more capable. If you're a working professional, you should pay attention to your appearance.
- How you look plays an important role in your professional life and how people see you. Having a good overall appearance shows that you are competent, detail-oriented and determined.
- Being physically attractive is necessary to work in this society. People see those who focus on their physical appearance as professional, driven and accomplished.

겉모습만 보고 판단해서는 안 된다. 첫인상은 깨지게 마련이다. 중요한 것은 외모가 아니라 성품이다. 진실한 성품은 결국 드러나게 마련이다.

- Beauty is only skin-deep, and a person's first impression is always wrong. What's more important is not a person's appearance but his or her personality. Your integrity will pay off in the end.
- You can't judge a book by its cover. It is what's inside that counts. In the end, you are judged by what you do and not what you look like.
- Beauty is fleeting, and it is character that lasts. Being a good person trumps looking good.

외모를 더 중시하는 쪽으로 우리 사회가 변하고 있는 현실을 인정해야 한다. 같은 조건을 가진 두 사람이 있을 때, 외모가 더 뛰어난 사람에게 기회가 가게 마련이다.

- Our society is moving toward placing more emphasis on a person's appearance. If there are two people with the same background and qualifications, the one who has a better appearance will get the opportunity. We should accept the reality.
- As we focus on looks rather than merits, better opportunities will go to those who are more physically attractive.
- As our society becomes more superficial, those who are more attractive will have better chances for success. This will leave the less attractive behind.
