일을 잘 하려면 계획을 꼼꼼히 세워야 한다. 되는 대로 문제를 해결하겠다고 생각해서는 안 된다. 계획을 잘 세워야 좋은 결과가 나온다.

- Making meticulous plans ahead of time is very important to get things done. Don't think about playing it by ear. Good plans lead to good results.
- Fail to plan, plan to fail. If you do not make a plan, you will not achieve the results you want. You must always have a plan if you want to succeed in anything you do.
- Planning is the essential key to success. If you don't have one or more plans, you are destined to failure.

계획 근사하게 짜는 데 에너지 쓸 필요 없다. 계획대로 되는 일은 별로 없으니 문제가 생길 때마다 하나씩 해결해 나가는 데 집중해야 한다.

- Don't waste your energy in making plans. Whatever you do, many unexpected things happen along the way and your initial plans need to be changed. Focus on the problems you encounter and try to solve them one by one.
- Plans are a waste of time. Things change so quickly when you are working on a project. You need to be good at improvisation and adapting to changes that happen. If you can problem solve quickly, you don't need to plan.
- Life throws you curveballs all the time. You cannot plan for the unexpected. It is better to start projects and deal with issues as they arise.
