네가 좋아하는 것을 해라. 좋아하는 것을 해야 잘 할 수 있고 잘 하게 되면 금전적인 보상은 따라오는 법이다.

- Do what you are passionate about and follow your heart. You will become good at what you like the most. If you become good at something, financial rewards will follow. Don't put money before your passion from the beginning.
- Do what you love and love what you do. If you follow your dreams and are passionate about it, you can become successful. Don't worry about making a lot of money. Success will come if you keep doing what you love.
- Work to live and don't live to work. You should find a job that you love and not worry about making money. You will be fine as long as you are happy in your career.

사람의 관심사는 수시로 변한다. 젊을 때 좋아하는 것을 평생 좋아하리라는 법은 없다. 막연히 적성만을 따지지 말고 현실적으로 돈이 되는 것을 하면 더 좋은 기회가 생긴다.

- People's interest and passion change over time. There's no guarantee that what you like the most in your youth will remain unchanged for the rest of your life. Choose a job that helps you make more money, and when you become financially stable, more opportunities will follow.
- You are not the same person you were when you were young. People change and so does their mindset. Pick a career that will give you financial freedom so you can pursue your passions later on.
- Your childhood passions may not be the best choice when it comes to making money. Find a line of work that will pay well. After that, you can choose to follow your creative projects.
