친구가 많고 많은 사람과 교류해야 한다. 능력있는 사람을 많이 알아야 좋은 정보를 얻고 도움도 얻을 수 있다. 인간관계가 제한적이면 성공하지 못한다. 마당발이 되기 위해 노력해야 한다.

- You have to have many friends and should socialize with as many people as possible. Well-connected people have more information and get more help when in need. No one can succeed if his or her relationship is limited. Try to be a social butterfly.
- The saying “It’s who you know, not what you know” rings true in today’s society. Networking is a key factor in success. Well-connected people can use the people around them to move forward in life. It is important to rub elbows with as many people as possible.
- Focusing on your network of social and business acquaintances is important. Being a social butterfly can strengthen your social network. This network can provide you more opportunities down the road for success.

마당발이 될 수 있는 사람은 소수다. 내가 그런 타입이 아니라면 사람 사귀느라 스트레스 받을 필요 없다. 힘들 때 도움을 줄 친구는 소수다. 인위적이고 피상적인 인간관계는 깊이가 없다. 내가 정말 좋아하는 사람들과 행복하게 사는 것이 더 중요하다.

- Only a certain type of people can become a social butterfly. If you’re not that kind of a person, don’t get stressed by the pressure to socialize with many people. Only a limited number of real friends will help you when you’re in need. Those artificial and superficial relationships are simply shallow. Try to live a happy life with the ones you really love.
- You don’t need to build relationships with everyone you meet. Some people’s personalities are not a match for schmoozing and networking. You should focus on your close circle of family and friends. Casual friendships won’t last and you should stay close to those you really love and respect.
- You don’t have to please everyone you meet. Only a select few can morph into a social butterfly. These people may think they are popular, but, in reality, these shallow connections will never help them in life. Keep the connections to the people that believe in and trust you. This is the key to happiness.
